

Prototype – not in commercial form

The category is open to NZ companies/inventors only

The innovation must have application in the primary industry sector

The innovation cannot have been exposed prior to Fieldays 2020

The innovation must not be available for sale on the market

Your innovation must be professional looking, a working prototype or a display that demonstrates the innovations intent

Fieldays Innovations is about supporting innovation that may well advance the primary industries

Primary Industry refers to:

Agriculture – Dairy and Meat & Wool

Forestry

Horticulture – including Viticulture

Seafood – including Aquaculture and Fishing
